FIFTH SUNDAY OF EASTER (B)

Reading's p139

Response: You, Lord, are my praise in the great assembly.

Jesus offers true life - the abundant life which comes from God and which results in great fruitfulness. How does the vine become fruitful? The vine dresser must carefully prune the vine before it can bear good fruit. Vines characteristically have two kinds of branches - those which bear fruit and those which don't. The non-bearing branches must be carefully pruned back in order for the vine to conserve its strength for bearing good fruit. Jesus used this image to describe the kind of life he produces in those who are united with him - the fruit of "righteousness, peace, and joy in the Holy Spirit" (Romans 14:17). Jesus says there can be no fruit in our lives apart from him. The fruit he speaks of

here is the fruit of the Holy Spirit (see Galatians 5:22-23). There is a simple truth here: We are either fruit-bearing or non-fruit-bearing. There is no in-between. But the bearing of healthy fruit requires drastic pruning. The Lord promises that we will bear much fruit if we abide in him and allow him to purify us. Do you trust in the Lord's healing and transforming power to give you the abundant life and fruit of his heavenly kingdom?
